Experience

Forum and Project Officer - Digital Transformation

Brussels, Belgium

EUROCITIES

Jun. 2023 - Ongoing

- Monitored and analyzed EU policy developments in the field of digital with a potential impact on cities.
- Contributed to the development of policy papers, position statements, and press releases, shaping Eurocities' response to emerging policy issues on digital affairs and communicating its views to relevant audiences.
- Coordinated the activities of the Digital Forum of Eurocities, counting 148 cities active in seven working groups.

Open Data Officer

Paris, France

INTERMINISTERIAL DIRECTORATE FOR DIGITAL AFFAIRS (DINUM), FRENCH GOVERNMENT

Sep. 2020 - May 2023

- Supported public administrations in the implementation of their open data strategy, in accordance with national policy.
- Contributed to the definition of the national policy on data, algorithms and source codes, with a specific focus on open data.
- Drafted policy recommendations for the interministerial director of digital affairs and senior ministerial staff.
- Acted as the operational point of contact on open data for international actors such as the European Commission (data.europa.eu), the OECD, the Open Data Institute, the Open Data Charter.
- Contributed to the evolution of the national open data portal data.gouv.fr.

Campaign Data Analyst

Milan, Italy

A CANDIDATE FOR THE REGIONAL COUNCIL OF LOMBARDY

Sep. 2017 - Mar. 2018

- Analysed electoral and socioeconomic data to provide information to the campaign team about the political scenario.
- Produced interactive maps through Tableau Desktop to identify where to concentrate campaign events and advertising.

Assistant to Campaign Manager

Milan, Italy

A CANDIDATE FOR THE CITY COUNCIL OF MILAN

Apr. 2016 - Jun. 2016

- Managed the agenda of the candidate, building relationships with different stakeholders to organise events and meetings.
- Worked closely with the campaign manager and the candidate to determine the strategy of the campaign.
